Main Features of Plastic Boxes

- **External dimensions:** 600 × 400 × 260 mm
- **Internal dimensions:** 510 × 355 × 245 mm (tolerance ±5 mm)
- **Capacity:** 45 L
- **Weight:** 2.10 kg
- **Material:** HDPE or PP (impact-resistant, durable plastic)
- **Colors available:** black, grey

Advantages

- Boxes can be **stacked on top of each other** – convenient for storage.
- Can be **nested inside each other** (rotated 180°) – saves space during

transport.

- **Closed sides and bottom** – safe for storing items.
- **Reinforced construction** – withstands heavy loads.
- **Food-safe option available** – suitable for storing and transporting food products.

Areas of Use

- Storage in manufacturing companies
- Office needs
- Transportation and logistics
- Packaging and product storage
